	Shift Inspectors Initials																															

\*\*Please note, the above checklist is provided by Modern Crane Technologies, LLC as an aid to overhead crane owners for safety inspections. This checklist does not ensure that OSHA/MiOSHA requirements have been met. It acts only as a guide. Furthermore, this checklist does not take the place of a full overhead crane inspection. Proper overhead crane inspections should be performed by a qualified technician as deemed necessary as described in OSHA/MiOSHA Part 18, Rule 408.11872.
